

OPEN RECRUITMENT 2017

- PUBLIC NOTICE -

Search One Rescue Team is now holding open recruitment. Membership requirements are rigorous with an extensive screening process to include a doctor's medical release, a background check, a board review and a 5 mile cross country physical evaluation. Plus you will need to live within a reasonable driving distance and be available to attend 4 hours of training every weekend at DFW Airport.

If you pass our screening process and are accepted into the program your basic training time will extend **between 6—10 months**. Therefore, before you step up **do your homework**. Find out all you can about what it means to be part of a search and rescue team. **Research other area teams**, teams from other states and even teams from abroad. Compare quality of training and their screening requirements. After that, if you are interested in becoming part of this unique organization and **think you have what it takes** send an email to our Recruitment Officer, Pat Thorpe, at **Pat.thorpe@searchone.org**. Pat will pass along an **information package** and answer any of your questions.

Note: There are also a few **support roles** that do not require the full Flanker training program and you can get those details from Pat as well. There is also training related information under the FAQ tab.
